Departments – Curriculum – Special Services. The Elizabethtown Independent Schools strives to ease the transition of students with Individual Education Plans (IEPs) during their first two weeks of school by honoring the IEPs from the sending school as best as possible. School staff will schedule a meeting with parents or guardians within 30 days of the student's enrollment date to discuss the student's IEP and suggest any amendments to the student's plan. We welcome parent input during the transition process. If you have any questions or concerns, please contact Carole Brown, Director of Special Programs.
